The Credit Union Kids Web Site was created to teach children about Credit Unions and money through games, puzzles and interactive learning pages.

The site is divided into three suites:

- Preschool - Game, puzzle, and coloring pages establish relationships of Credit Union related items.
- Elementary - Games, puzzles, and coloring continue the relational process, and advance to introduction of savings accounts.
- Teens - Continues with the fun based process and introduces the teens to Checking Accounts, an ATM, and Account Statement Reconciliations.
